## The Polio Racket

(July 1953 Issue)

Is it any wonder our Armed Forces reject millions of our youths as UNFIT?

Most children have two strikes against them before they are born. Unethical 'QUACK' *medicos* prescribe "Cokes" to offset nausea in pregnant women who are already short on calcium. **ITS CRIMINAL!**

Then after the baby is born if it "belches", the same "QUACK" *medicos* prescribe **Cola syrup**. This is both **CRIMINAL** and **unethical** as they are prescribing a product *the contents of which they know NOTHING about.*

Now if this child is *lucky* enough to reach 18 and he goes to the blood bank and donates blood, he gets a FREE cola drink . . . **(the world's greatest destroyer of calcium).**

Just how low can these *money-hungry "medicos"* stoop? In **their greed for money** they **PLAN** before a child is born to **undermine his health** to insure their income **permanently.**

With these **damnable** cola drinks, the "QUACKS" have laid a perfect foundation for another *child victim* of POLIO **(more dollars for the medicos).**

In the hospital the POLIO child is *quarantined* for

a non-infectious disease of **malnutrition** . . . **how ASININE.**

Next, they jab a big needle into his spine . . . yet the spinal test proves **NOTHING** as both a *paralyzed* or *healthy child* may show the **exact same results.** The **ONLY possible** benefit is to **damage or sever a nerve** —thereby making a permanent cripple to help the *advertising wizards* of the National Foundation FOR Infantile Paralysis in their *bally-hoo* for more **DIMES and DOLLARS.**

Don't forget the "get-the-money" grabbers are **NOT** interested in the **prevention of POLIO.** Didn't they tell Sister Kenny to go back to Australia? Didn't they tell Dr. Sandier (*Federal doctor*) **that they were NOT** interested in his *prevention* work and that his truths were hurting **the cola interests?** Don't **Cola** branches in *most cities* have the Foundation's bulletins apparently put out to protect the **Cola millionaires?** What **Cola** "big-shot" is on the board of the National Foundation?

We **CHALLENGE** and **DARE** Basil O'Connor, Dr. Van Riper (or any of their "gang") to meet us in a **public debate in any city on any date** . . . they won't accept . . . **THEY DO NOT DARE** . . . they know the **TRUTH** will cook their goose and burn it crisp.
